

Finding eBooks

Method 1 : Use "HERMES-Search"

For materials search, we recommend **HERMES-Search** (the search box on the Library website), which provides information for you to find various materials from physical items, E-books, E-journals or Literature (Articles and Theses).

① Enter keyword(s)

Enter keyword(s) and click [Search]

◆ Examples of keywords

Author, Title,
A Topic or Subject (Environmental issues,
social media etc.)

Tips

HERMES-Search can also be used to search for various materials other than eBook. To search only for eBook, use "Advanced" search or filter results.

Access to HERMES-Search

The search box on the Library website is **HERMES-Search**.

▼ Library Website

<https://www.lib.hit-u.ac.jp/en/top-2/>

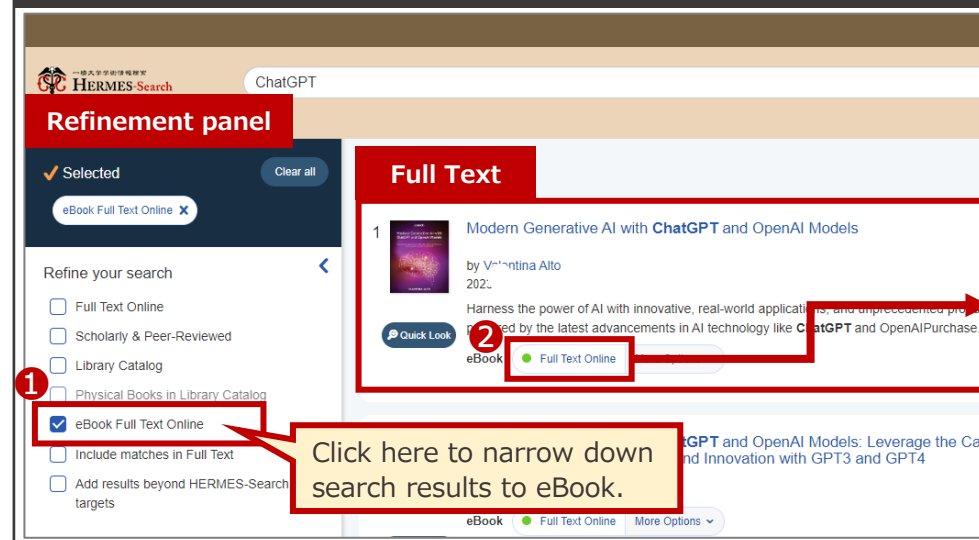

! When accessing from off-campus, you will be required to login to your University account. Enter Student ID and Password to sign-in. This will also enable you to find restricted access items that are available only for members of Hitotsubashi University.

► Check the Remote Access link below

https://www.lib.hit-u.ac.jp/en/retrieval-2/e_resource/remote-access/

② Select an item from a Search Result List

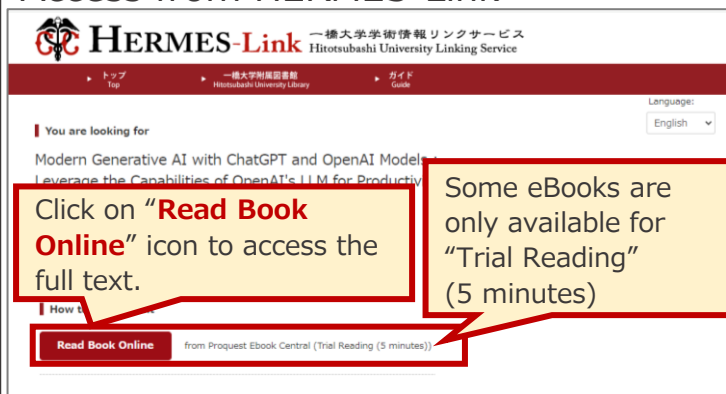

Full text

"Full Text Online" means the full text is available online thanks to open access or library subscription. Click on the title, and access the full text from the HERMES-Link or HERMES Catalog on next step ③.

If the eBook you are searching is nowhere to be found, please refer to the Research Guide 001 "How to find materials in the Library".

③ Access to full text (The display varies depending on eBooks' availability)

Access from HERMES-Link

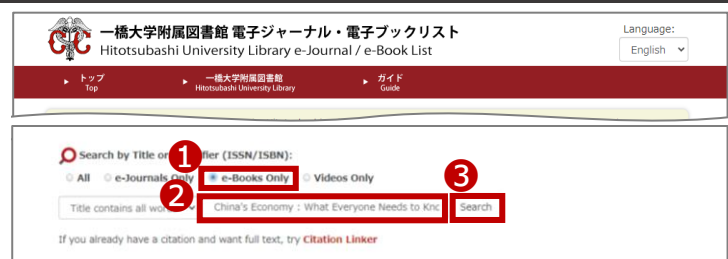

Access from HERMES-Catalog

Please refer to the reverse side on how to browse and download eBook from publisher's website.

If you are searching for specific eBook, we recommend using e-Journal / e-Book List.

① Enter keyword(s)

After filtering by "e-Books Only", enter keywords and click [Search].

◆ Examples of keywords

- Title
- Keywords included in eBook title
- ISBN

Other searching tips

Other than entering keywords, you can search by the title's alphabetic order, subject, database/platform

Access to e-Journal / e-Book List

▼ e-Journal / e-Book List

<https://yk2pw4vj9e.search.serialssolutions.com/ejp/?libHash=YK2PW4VJ9E#/?language=en-US&titleType=ALL>

e-Journal / e-Book List can be accessed from library website top page.

▼ Library Website

<https://www.lib.hit-u.ac.jp/en/top-2/>

When accessing from off-campus, you will be required to login to your University account. Enter Student ID and Password to sign-in. This will also enable you to find restricted access items that are available only for members of Hitotsubashi University.

▶ Check the Remote Access link below

https://www.lib.hit-u.ac.jp/en/retrieval-2/e_resource/remote-access/

② Select an item from a Search Result List

Please refer to the "Guide" page to check details of e-Journal / e-Book List.

If the eBook you are searching is nowhere to be found, please refer to the Research Guide 001 "How to find materials in the Library".

You can request to purchase book(s)/eBook(s) for research purpose. Check the link below for more details.
